BRITISH MANUFACTURE

VIZU BBQ STATION BY FAST FOOD SYSTEMS

At Fast Food Systems we have been producing High quality Restaurant equipment for over 25 years. Through our journey of constant design iteration and development we are proud of the products we produce and consider the Vizu Fast Serv range to be the best modular counter and storage solution available. The Fast Serv system is designed and produced at our company Headquarters in Reading UK by our highly skilled workforce.

We have taken this incredible set of modular counter units and designed some brand new modules specifically for outdoor BBQ stations.

With the modular design you have the opportunity to create the perfect configuration to suit your garden or outdoor space. Meaning your next Garden party is sure to be the talk of the town. Not only will you be able to engage with your guests by bringing the kitchen outside, you can now spend less time going back and forth from the kitchen to the garden meaning you can enjoy the party as much as your guests will.

DESIGNED FOR YOU

Each 'Garden Layout' is created with your needs at the forefront. The process begins with concept generation and sketches to quickly arrive at a suitable solution.

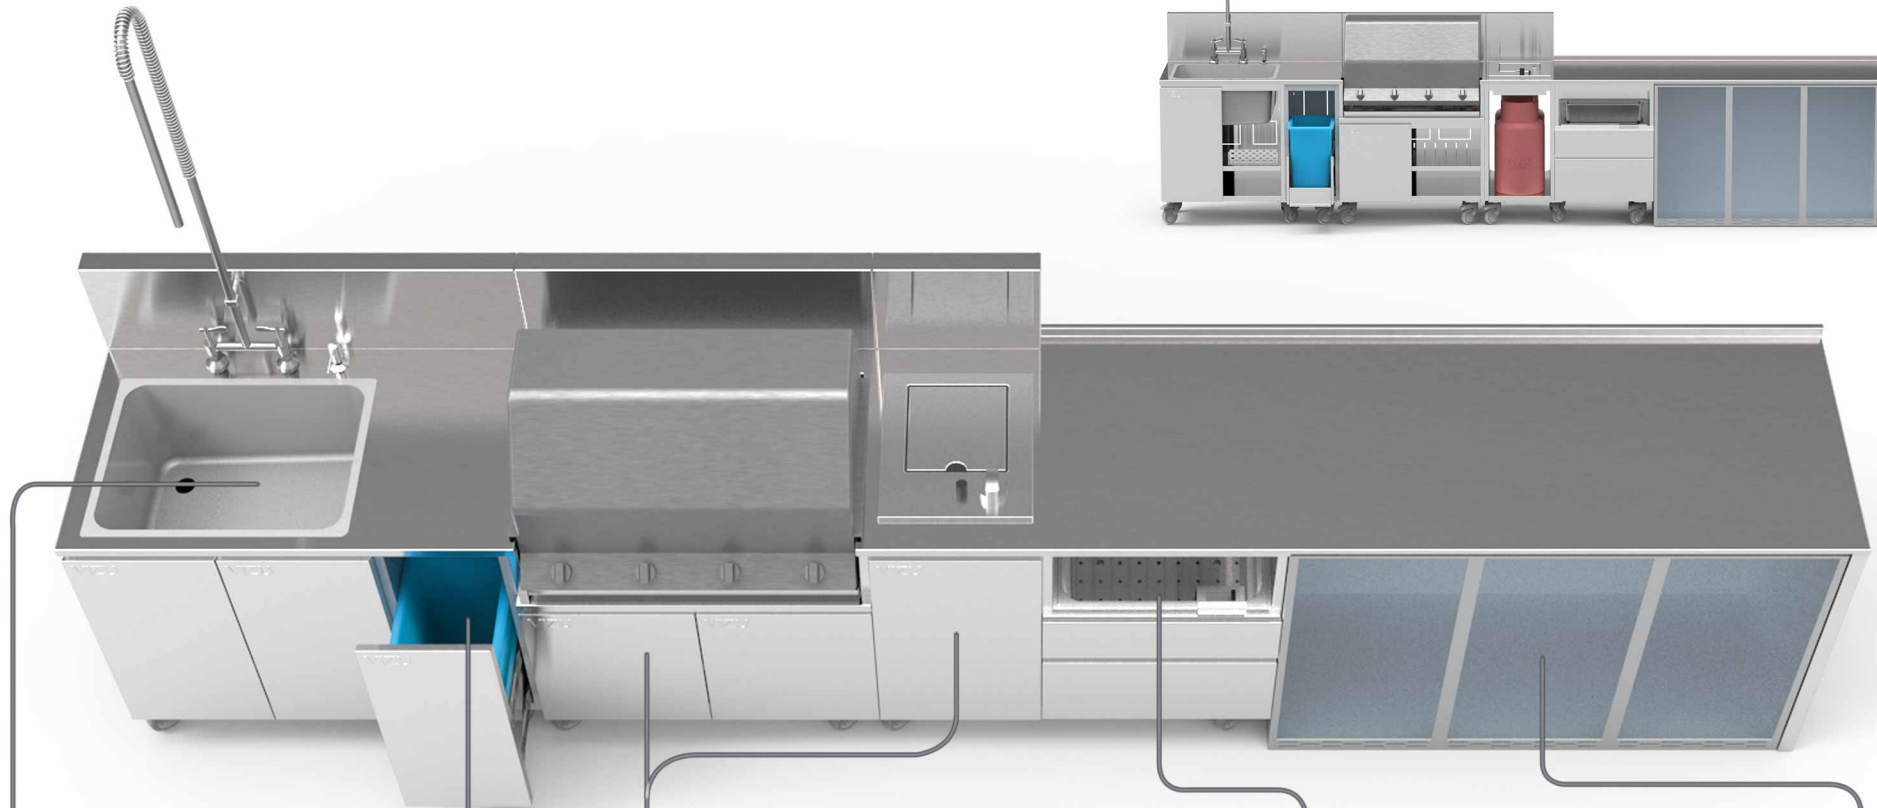

BESPOKE ENGINEERING

When the full layout is created a number of parts will be designed and engineered for your individual specification. Things like tops and upstands are designed to minimise joints.

Standard + Bespoke = Solution

VIZU MODULAR BBQ SYSTEM

CLEAN-UP + WASTE

We understand that when it comes to having fun, the last thing you want to be worrying about is having to tidy up. This large sink with pre wash makes cleaning up a pleasure.

COOKING AND GAS STORAGE

No outdoor kitchen would be complete without a BBQing station. Our BBQ module fits this four burner bbq perfectly and can be coupled with the hidden gas bottle store.

DRINKS + REFRIGERATION

Whether you are providing softdrinks and fruit punch for a kids party, mixing sophisticated cocktails or even just getting the beers in for the lads. we've got you covered ;)

VIZU MODULAR BBQ SYSTEM – MODULE DETAILS

THE BBQ MODULE

The BBQ Module is hub of the outdoor kitchen. Whether your cooking gourmet quality marinated chicken kebabs or bunging a few burgers and sausages on the barby!

The Vizu BBQ Module will help keep you organised with lower storage cupboard. As well as clean and tidy with the easy to remove grease catching tray, complete with removable baffles to prevent spillage when removing all that waste fat.

GAS BOTTLE MODULE

Keeping the party fueled means having ample storage for your BBQ gas bottles.

We all know that gas bottles are a necessary part of a BBQ set-up but

are not the most attractive objects. We have cleverly hidden the gas bottles inside a perfectly sized cupboard, allowing full access and the option to mount an stand alone burner in the top of the unit if you want to get you wok out!

THE 750 SINK MODULE

When you have a large number of guests to cater for there is always going to be mess to deal with. With our 750 Sink module it makes cleaning up the aftermath a pleasure

Having a large deep dish surface mounted sink, with plug drainage filter and pre wash pull down spray tap, cleaning up has never been easier. we have also included some handy storage below as well as a surface mounted soap dispenser!

THE PULL BIN MODULE

Garden parties are a lot of fun, but what is not fun is having a massive mess everywhere when your trying to cook for a large number of people. Having a discreet but functional under

counter pull out bin means that the messy bits dont pile up around you, instead they are quickly and easily disposed of to let you carry on with the important stuff. Why not add a second pull bin to seperate your general waste and recyclables!
